

"As a direct result of the services I received at Epiphany Center, I have been blessed with a strong, solid relationship with my family. I am able to manage the ongoing challenges of my life without spiraling back into depression. I am gainfully employed and respected in my field by my colleagues, and my daughter is thriving as a student after being accepted to a school in Marin. I am financially secure; no longer requiring any state or county financial assistance or housing subsidy. The work they do here at Epiphany clearly strengthens families and communities." -Epiphany Graduate

Because of the support of people who share our vision:

- Women's lives are restored, children have hopeful futures, families are strengthened, and intergenerational cycles of trauma, homelessness, mental illness and poverty are broken.
- The community benefits from reduced costs in homelessness, joblessness, incarceration, foster care, and mental and physical illness.

Lighting the way to a more hopeful future.
